

HELP KEEP HARE KRISHNA TEMPLE OPEN!

DHARMA UNDER ATTACK

- Bhaktivedanta Manor - the most important shrine for Hindus in Britain But, the council wants to ban you because the temple is "too popular".
- Now, there is a solution - a new access drive into the back of the temple. All we need is the government to rubber stamp this compromise.
- **Will the Government do it?** Consider that the Environment Secretary just granted the Jewish community in North London.

And consider the support we have from others...

- Petition from 117 MPs.
- Backing from all religions.
- The Times editorial said, "Let Hindus share all our freedoms."
- The Indian government has warned of trade agreements being jeopardised.

Also, consider what you've done...

- Tens of thousands of petitions and letters.
- 36,000 Hindus marching in London on 16th March 1994.
- 5,000 Hindus perform civil disobedience in front of Parliament in May

Yes, we are ONE STEP FROM VICTORY. But only if we fight the **PUBLIC INQUIRY** in January.

We Need You To Do The Following

NOW!!!

(1) Write to your MP again.

Ask him to petition John Gummer (Secretary for the Environment) to grant the access drive, which is the perfect planning solution for all parties concerned. Ask him to also sign the Early Day Motion (EDM No.25) in support of the temple.

[Enclosed are 5 sample letters - choose one and send in your own writing to your MP. Within this package is a list of MPs according to areas, if yours is not there, contact your local library for your MP's name. Address your letter to the House of Commons, London SW1 OAA.]

(2) Send a photo-copy of your letter to John Gummer, Secretary of the state for Environment, 2 Marsham St, London SW1P 3EB.

(3) Apart from writing, also phone your MP once a week, asking him to sign the EDM (No.25), and what if any progress has been made with regards to John Gummer MP on the temple issue. [Phone 071 219 3000 and ask for your MP]

(4) Please find 5 other friends, tell them to do the same.

Give them an information pack. Encourage them in turn to phone or contact 5 more friends to continue the chain, In this way we can have a wave of pressure upon the Government - who is responsible for the FINAL DECISION.

REMEMBER!

**This is our final opportunity.
We are only one step from VICTORY!!!**
